LE FITZ ROY MOUNTAIN CLUB

IN A WORD

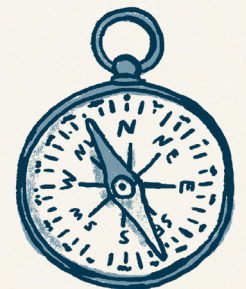

2,300 meters above sea level, three valleys, six glaciers: an exceptional natural amphitheater.

At the heart of the highest resort in Europe, Le Fitz Roy stands as the jewel of the French Alps. With its balconies offering breathtaking views of pristine slopes and its windows overlooking the action of the ski lifts, this establishment symbolizes the perfect blend of ski-in, ski-out prestige and luxury refinement.

Le Fitz Roy embodies excellence and elegance, mastering the art of hospitality with a keen sense of comfort, a refined taste for the era, and a deep appreciation for the location and its history. It invites guests to an unparalleled experience, making them feel at home away from home, in a dreamlike setting of realized luxury.

At the restaurant Beca, diners are invited on a culinary journey where the authentic flavors of Savoie meet contemporary elegance. Each meal becomes an exquisite gastronomic experience, perfect for savoring mountain delights in a warm and refined setting.

Beyond thrilling activities such as off-piste skiing, fat bike excursions, or ice diving, Le Fitz Roy promises memorable moments. Here, refinement is not only a promise of absolute comfort but also an invitation to be enchanted by the atmosphere of the place.

ARCHITECTURE

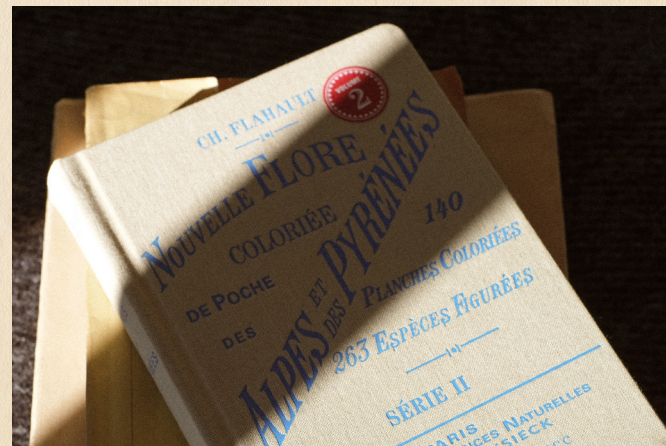

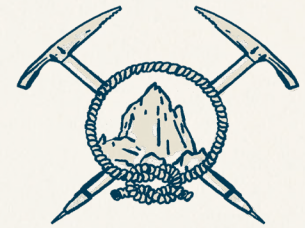

Exquisite refinement, extensive selection of books, oversized bathrooms and dressing rooms, unobstructed views... The rooms at Le Fitz Roy are grand in every sense, designed to accommodate young couples, families, and large groups of friends. Everywhere, there is a sense of being in the right place at the right time.

This living space is defined with the spirit of a grand family chalet. Through expansive areas, deep seating, soft-lit chandeliers, warm tones... Ideal for relaxation.

Refined velvet, aged leather, cozy mohair, Alpine marble... adorn spaces conceived as post-ski sanctuaries. The artistic program follows suit, featuring Pascal Navarro's vast mountain landscapes, Gwenaëlle Grandjean's prairie herbals, Elsa Noyons' narratives of the region... Everywhere, there is a sense of softness.

At Le Fitz Roy, books also play their part, housed in a high-altitude library featuring essays on mountains and literature on mountain sports. The instrumental soundtracks and concerts, ranging from jazz to rock, transport guests to different horizons. It's all about experiencing the destination in a unique way.

Artistic directors, artists, architects, artisans, photographers... Their unique visions enrich ours and yours alike during your stay and beyond.
